MISS CLEMEN'S LECTURE PROVES A DELIGHTFUL SURPRISE

Best Illustrated Lecture ever Seen and Heard Here given Last Night — Big Program for Today at Chautauqua Tent.

Chautauquans of Maysville section were indeed very agreeably surprised Thursday evening when they heard and saw Miss Mildred Leo Clemens' illustrated lecture on the Hawaiian Islands. In the past illustrated lectures have proven bores to many but this cannot be said of Miss Clemens' lecture for it is interesting and gripping from the very beginning to the end.

A company of six real Hawaiians brought from the islands by Miss Clemens herself highly entertained the audience with their native music for a half hour preceding the pictures and talk and one of the number danced the native dances. The pictures both still and moving are wonderful and taken by Miss Clemens herself while, in a most pleasing manner and voice, she explains them. Attendance upon this illustrated lecture is indeed an evening in beautiful Hawaii and the audience leaves the big tent greatly refreshed and singing the praises of "The Pacific Paradise."

Today's Chautauqua program should be very interesting. Lieurance's Little Symphony will give a program in the afternoon and a prelude at night. This is a company of American musicians of the highest type and Miss Sara Requa Vick, noted contralto, will sing.

Dr. Newton, one of the greatest pulpit orators of New York City, will substitute for Dr. Cadman, who is prevented from appearing here because of an accident. Dr. Newton, it is certain, will greatly please the large audience.

Saturday is one of the biggest days. While there is nothing going on in the afternoon, Percival Vivian's players will present the big comedy, "Nothing But the Truth" at night.

LINGENFELSER-PERKINS.

Mr. Clarence Perkins, popular mail carrier on Maysville Rural Route No. 3, and Miss Margaret Lingenfelter, daughter of Mr. and Mrs. William Lingenfelter and a popular teacher in the Mason county schools, were quietly married in Cincinnati Thursday.

Mr. and Mrs. William Rolf and baby, of Cincinnati, are the guests of Mr. and Mrs. Martin Guilfoyle, of Lindsay street.

MAYSVILLE ASKED TO SEND DELEGATE TO DAM OPENING

Portsmouth Ohio River Dam Will Be Formally Opened on Next Thursday in Big Celebration.

All arrangements are now practically made for the formal opening of Dam 31 at Portsmouth, Ohio, on next Thursday, July 15th. There will be several speakers of note in attendance and the Portsmouth Chamber of Commerce has made extensive arrangements for a big demonstration and a great gala day in the "Peerless City."

Maysville has been invited to send a delegate to officially represent the Maysville Chamber of Commerce. Secretary Kirk this morning received this telegram:

"Thursday, July 15th, the government engineers will formally open dam 31 with large celebration. Two Government boats and other boats will participate. Fox and Pathe film weekly will be here. Wire who you will send to be our guest at Dam celebration and banquet in evening at Washington hotel."

PORTSMOUTH CHAMBER OF COMMERCE.

A member of the Maysville Chamber of Commerce will be selected within the next few days to officially represent Maysville at the celebration. Mayor Russell and other city officials will also probably be in attendance.

TAKE A KODAK WITH YOU.

Your speedometer tells you how far you went—a kodak tells you where you went and what you saw. The pleasure of the trip can never fade with clean-cut kodak pictures to refresh a lagging memory.

Better take along a generous supply of film. We have a complete assortment, autographic and non-autographic, and it is all kept under proper conditions.

Kodaks from \$2.86 up.

CHAUTAUQUA DANCE WAS DECIDED SUCCESS.

The second chautauqua dance given at Beechwood Park Thursday evening was a great success. There were many in attendance and the music furnished by a local orchestra was fine. It has been decided that another dance will be given on next Monday evening.

Mrs. Maude A. Farnsworth and son, Robert, of Pasagoula, Fla., arrived in the city Thursday night for a two months visit with her mother, Mrs. Sallie Adair, of East Second street.

LEWIS COUNTY WILL DEDICATE SHAFT TO THEIR SOLDIER BOYS

Monument in Honor of Lewis County Men Who Fought in World War Will Be Dedicated Saturday At Vanceburg.

Saturday will be a holiday in Vanceburg, capital of Lewis county, for a beautiful marble monument in honor of the Lewis county men who offered their lives that the world might be made safe, will be dedicated in the Lewis county court house yard and people from all over the county are expected to be in attendance.

Several Mason county people will be in attendance and prominent speakers will be on the program and a special musical program is being arranged.

The dedication of this shaft which bears the names of several Lewis county men who gave their lives in the World War, recalls the dedication of a huge Service Flag on the Lewis county fair grounds at the outbreak of the war. The chief address at the dedication of this service flag was made by Hon. W. D. Cochran, very popular in Lewis county, and an enlarged photograph of Mr. Cochran making that speech with the large flag in plain view, will be hung on the shaft when it is uncovered tomorrow.

FIRST ARREST MADE HERE UNDER NEW STATE DRY LAW

Moreland Walker Charged in Warrant With Selling Concealed Whisky Produces Intoxication.

Moreland Walker, colored, was before Judge John L. Whitaker in city court this afternoon as the first man arrested under the new state prohibition law passed by the 1920 General Assembly and which became effective only last week.

The warrant charges Walker with "procuring for, selling, giving or lending spirituous liquor or a concoction thereof or extracts of lemon, ginger or Jamaica ginger or a concoction thereof which produces intoxication."

Bess Haley, colored, who was fined yesterday for being drunk in city court, is the prosecuting witness. The woman says she was drunk on a concoction which she purchased from Walker.

Walker asked for a continuance of the case this afternoon that he might be able to procure legal advice and that he might have certain witnesses summoned to testify for him and Judge Whitaker granted the continuance and set the case down for next Wednesday afternoon at 2 o'clock.

PUNCTURES FOIL CHIEF IN OHIO CHASE.

Chief of Police Harry A. Ort, with a local man who had just cashed a cold check for over \$60, started on a chase through Brown and Adams counties, Ohio, Thursday night after the man who drew the bad check. The check writer was in an automobile ahead of Chief Ort and the local man but they ran him into Manchester. When Chief Ort went for the Manchester Marshal to arrest the check worker, that slick individual left town on high speed and the officers were soon after him. When a short distance out of Manchester both rear tires on the officers' machine were punctured and the chase was given up.

PROGRAM AT THE PASTIME NEXT WEEK.

Monday — "The Invisible Hand." Helen Gibson in "The Overland Express," and Republican convention in International News.

Tuesday — Gladys Brockwell in "White Lies."

Wednesday — Theda Bara in "La Belle Russe," play by David Belasco.

Thursday — Crane Wilbur in "Devil Ma Care," Western.

Friday — "Adventures of Ruth." A big western and a good comedy.

Saturday — Hoot Gibson in "Thieves Clothes," western. "A Jazz Janitor," comedy; and Screen Magazine.

GERMANS ACCEPT ALLIES' TERMS.

Spa, July 9. — Germany's delegates signed, at 11:45 this morning, an agreement accepting the terms of the Allied note relative to disarmament, presented yesterday.

This action was taken under protest by the German representatives.

The Eentente powers had threatened to occupy the Ruhr, or other German territory, unless terms were accepted. Under the agreement, Germany must immediately disarm certain of her forces, including the security police; publish a proclamation ordering surrender of all weapons in the hands of civilians; abolish compulsory service and surrender all arms, guns and cannon above the limit fixed by the Versailles treaty.

DATE FOR TEACHERS' INSTITUTE ANNOUNCED

Prof. W. P. King Will Be Chief Instructor at Mason County Teachers' Institute In August.

Prof. George H. Turnipseed, Superintendent of the Mason County schools, announced this morning that the date for the 1920 Mason County Teachers' Institute had been fixed for the week of August 30th. The institute will be held in the Third Street M. E. church directly opposite the court house.

Arrangements have been made for Prof. W. P. King, of Newport, Ky., to be the chief instructor for this year's institute and he will be assisted by several experts from the state department of education. It may be that State Superintendent Colvin will be able to be here for one day during the week to address the Mason county teachers.

As in past years, attendance upon the institute is given credit just as if the teacher were at her desk in the school room and is therefore practically compulsory. A most interesting program will be arranged and it is expected that many of the city school teachers and teachers from adjoining counties will be in attendance during the week.

FIRST CONVICTION UNDER NEW DRY LAW.

Frankfort, Ky., July 8. — Convicted of having operated a moonshine still, John B. Adams, of Owsley county, was brought to the penitentiary today. He is the first person convicted under the state dry law passed by the last session of the General Assembly. He will serve one year in prison. Representative Homer McLellan, of Louisville, introduced the state dry law or the prohibition enforcement act. The law went into effect July 1.

HENRY-BROOKS.

It has just been announced here that on June 29th, at the home of Mr. and Mrs. Frank Menaugh, at Williams-town, Ky., their daughter, Mrs. Edith B. Henry, and Mr. Earl Brooks, of Minerva, were quietly married. Following the marriage they left for South Carolina where Mr. Brooks will be employed during the tobacco season.

THREE PASS TEACHERS' EXAMINATION HERE.

Misses Florence and Jessie Dodson, of Mayslick, and Miss Mary Schlitz, of Minerva, successfully passed the County Teachers' examination held here several weeks ago, according to reports reaching here this morning. All three young ladies have been awarded teachers' certificates.

UNDERGOES OPERATION.

Prof. George H. Turnipseed today received information that his brother, Prof. S. L. Turnipseed, of Atwood, Ill., had just undergone a very serious surgical operation and was in a dangerous condition.

WILL PREACH AT EBENEZER.

Rev. T. J. Tufvander, of Falmouth, will preach Sunday morning at Ebenezer Presbyterian church and Dr. John Barbour, of this city, will preach at night.

WILL MOVE

About July 1st we will move to 231 Market street, ground floor.

28-1f J. A. SIMPSON, Optician.

Mr. and Mrs. John Boyd, son Fred and daughter Margaret, of Trinity, were shopping in the city today.

WEST UNION MAY GET TRACTION LINE AT THIS LATE DAY

Survey Being Made To Give the Only County Seat in Ohio Without Railroad, a Traction Line.

Again extension of the Cincinnati, Georgetown & Portsmouth railroad to West Union has been taken up. This time the investigation is being made for President Henry A. Haigh, owner of the road, who was at Georgetown this week in consultation with Judge W. J. Thompson. Mr. Haigh's son has been sent to give personal direction of the road in the way of bettering its equipment. He is a civil engineer, and this week he has been engaged in looking over the country from Eagle Creek to West Union to ascertain the prospects for the extension.

This investigation has been under consideration for some period. How far it will go is problematical. There are though several features entering into the undertaking, which have heretofore not existed. One is that while the cost of material for railroad building would naturally be high that the traction company has been able to get low figures upon material of this kind coming from several companies where tracks are being taken up. Another feature is that of supplying towns through the section to be traversed with electricity. This portion of the company's business has grown to wonderful proportions, with no limit to possibilities.

The fact that the investigation is being made by those who are most interested in the development of the property gives rise to the belief that something may come in the long-contemplated project. There are those who have insight in the undertaking, who say that the prospect for the road to be extended to the only county seat in Ohio without railroad connection was never before so promising.

BAKERY PLANT IS MOVED.

The plant of the Federal Bakery is being moved from the Market street station to the Third street station. The Market street station will be continued as a retail stand but the baking will be done in the Third street building where there is much more room.

CHURCH RECEIVING NEW PAINT COAT.

Contractor Charles B. Davis and his force of workmen are making good headway at painting the wood work on St. Patrick Catholic church.

WEDDING HERE ENDS ROMANTIC COURTSHIP

Couple Motor To Maysville To Be Married — Bride's Parents Had Objected.

Morehead, Ky., July 8. — Harry Lance, of Canton, O., and Miss Norah Mabry, daughter of John Mabry, of Ellettsville, Ky., were married in Maysville yesterday.

This is the conclusion of a romantic courtship beginning with the purchase of a coat from the mail order department of a large store of which Mr. Lance is proprietor. In mailing the coat Mr. Lance put his name and address in one of the pockets and Miss Mabry, finding the address, wrote to Mr. Lance, after which ensued a long correspondence.

Mr. Lance made several trips to see the young lady but on account of objections of the bride's parents was never allowed to call at her own home. On arriving in Morehead Sunday he procured a horse and rode eighteen miles and brought her to this city. Here he obtained an automobile and drove to Maysville.

FORD WOULD HEAD THIRD PARTY TICKET.

Chicago, July 8. — Henry Ford will accept the nomination for the presidency at the hands of the Third Party, if tendered to him, it is announced here tonight by Charles F. Hoffman, personal friend of Mr. Ford, who returned from Dearborn, Mich., today where he had a conference with the automobile manufacturer. Mr. Hoffman is a member of the executive committee of the "Committee of 48," which has called a Third Party convention in Chicago for Saturday.

GIRL TOO YOUNG; MARRIAGE LICENSE REFUSED.

A young man and young woman giving their home as in the state of North Dakota, applied at the County Clerk's office here this morning for marriage license but as the young woman was only 20 years of age and had no letter of consent from her parents, license was refused and they left on the afternoon train for Ohio where they will be able to obtain license.

COUNTY COURT.

In the Mason County Court this morning J. S. and W. J. Cracraft were appointed administrators of B. H. Cracraft and they qualified as such with P. W. Cracraft as surety on bonds.

S. M. Roff and Norah Reed were appointed to appraise the personal estate of H. B. Cracraft, deceased.

KENTUCKY GIRL IS SHOT BY AGED ADMIRER AT DAYTON

Young Kentucky Girl Is Shot and Dangerously Wounded While at Work in Office.

Dayton, O., July 9. — Miss Georgia Coten, seventeen-year-old typist of Danville, Ky., is in a critical condition at a hospital in this city following an encounter in an office in the Lindsey Bank building here. The police are holding W. C. Wysong, 65 years old, a decorative artist and widower of Dayton, charged with shooting to kill. According to the police Wysong attempted to kill himself, firing two shots from a revolver into his own body, but not inflicting serious wounds.

A week ago Miss Coten went to Cincinnati to avoid the attentions of an elderly suitor and then returned to Dayton. Today at noon she was shot three times while at work in the office of the McAllister Motor Sales Company in the Lindsey Bank building. Following the shooting, Wysong was found in the office, wounded, and after having had his wounds dressed at a hospital, was locked up at police headquarters charged with shooting the girl.

Wysong, according to the police, admitted the shooting and said: "I'm sorry I did it. I hope she lives."

Wysong told police, they say, he was in love with Miss Coten, and jealousy caused the shooting. He said she went to her home in Danville a week ago, and while returning to Dayton, stopped in Cincinnati. She told him, Wysong said, that she stopped at the Cincinnati Y. W. C. A. But on making a trip to Cincinnati he discovered she was at a hotel.

Returning to Dayton, he told officers, he went to a pawnshop and purchased a revolver and five cartridges before going to the office where the girl worked.

Fellow workers in the building rushed to the office when they heard the shots. They told the police that when they arrived, before the girl lost consciousness, she pointed to Wysong as he lay on the floor and said, "He shot me."

DIES IN CINCINNATI.

The following death notice appeared in the Cincinnati Post. Mr. and Mrs. Paul were former Maysvillians:

A FEDERAL JOBBOLDERS' CONVENTION.

In his "keynote" speech at the San Francisco convention, Homer Cummings, chairman of the Democratic national committee, declared with the moderation characteristic of administration spokesmen, that the Republican presidential nomination had been "purchased." Reference was to the fact that in the preliminary campaigns considerable amounts had been legitimately spent by presidential aspirants for the purpose of promoting publicity and organization. The charge was made pointless by the admitted fact that the aspirant to the nomination in whose behalf an insignificant campaign fund had been expended, was given the nomination.

But the San Francisco convention is a glaring case of a body of delegates and controlling influences representing, not, for the most part, the sentiment of the rank and file of the Democratic party, but created through the flagrant employment of federal jobs, government contracts and misuse of the power of government to coerce and persuade.

It is a job holders' convention, created by and amenable to a President who, despite a life-time profession of devotion to civil service reform, has been the most aggressive spoilsman who ever sat in the White House. Practically every member of the Democratic national committee, as now constituted, has been made a direct beneficiary of the administration through the use not of the President's but of the people's money in the dispensation of jobs and other federal favors. It is because of this that this misrepresentative committee has in several cases kicked duly elected delegates out of the convention because they came to San Francisco representing the people and not the job holders' machine. The delegates to the convention are for the most part federal job holders, contract beneficiaries or the agents of such men, who are there only for the purpose of rendering to the administration value received.

The convention was sent to San Francisco because it would make the trip so expensive for a large majority of delegates and visitors that only the job holders and federal beneficiaries whose purses have been fattened from the government treasury, could make the trip. The proceedings of the convention prove the success of the scheme to separate the convention from the influence of public sentiment and to make it represent not the people, but the autocracy buttressed by the vast power and patronage of the government at Washington.

There is no corruption more damnable, more dangerous to the life of the republic, than that involved in using a trust conferred upon the administration by and in behalf of the people, to dominate a national convention of a party in power, as has been done in this case. Beside the corrupt use of public power to stifle the expression of public opinion and to purchase the support of delegates and bosses at a convention, even corruption through the expenditure of many really belonging to those who use it, not filched from the people's treasury, is a praiseworthy practice. The charge of corruption leveled at the Republican national convention is without foundation. That the San Francisco convention is a body bought and paid for by federal power and patronage, and that it is betraying the interests not only of the people but even of the rank and file of the party it misrepresents, is as clear as the noonday sun.

"IN THE DAY'S NEWS."

Daniel Willard, who has been selected as chairman of an advisory committee of nine railway executives which has been authorized to deal with transportation emergencies, is president of the Baltimore and Ohio road and one of the best-known railway men in America. He is a native of Vermont who has come up from the ranks. With a high school and agricultural college education to his credit, when he was 18 years old he began railroading as a brakeman, from which beginning he found his way to increasingly responsible positions with roads like the Erie, the Burlington, and the Colorado Midland, until, in 1910, he became president of the Baltimore and

Ohio. During the war Mr. Willard served as head of the United States Civilian Advisory Committee. Of late years he has been an effective spokesman for the railroads before many official and non-official gatherings.

BRITAIN RULES WORLD
WITH HELP OF WILSON

All of Africa In Her Hands and Ireland Is No Nearer Self Determination Than Before.

Washington, July 8.—President Wilson's request of the Democratic convention for an unqualified endorsement of the British league of nations plan adopted by him and submitted to the Senate with a demand that it be accepted without the change of a word, has aroused the ire of Republican members of Congress here, who see in it the great issue of the campaign.

It is recollected that four years ago the President made his appeal to the voters on the statement that "these gentlemen (meaning the Republicans) will not get us into war because they will not have the opportunity," and that immediately after his inauguration he did the very thing he had promised not to do and the very thing Republican leaders had been urging for some time that he do.

It is also remembered that after the armistice the President declared he would insist upon self-determination and freedom of the seas. From this the people of Ireland, India and other subject dominions of Great Britain took new hope. Republican Senators pointed out when Mr. Wilson returned from the Versailles conference that Article X of the league provided that the strength of the United States should be utilized to uphold in perpetuity territorial integrity of the British Empire. Through their opposition the purpose of the President was frustrated.

The President has defeated the Republican efforts to repeal war legislation and end the war which no longer exists, Ireland is in the throes of civil war, and Andre Fribourg, a member of the French Chamber of Deputies, sums up the advantage with which Great Britain has come out of the war with the assistance of President Wilson at the peace conference, Fribourg says: "Great Britain's territorial gains in the war are so startling that it is now possible for an Englishman to travel from Cape Town to Tasmania by way of India and Singapore, a distance of 18,000 miles, without once setting foot on other than British territory."

"Before the war England possessed four great territories in four corners of the world—Australia, India, South and North Africa and Canada.

"Thanks to the war, almost the entire continent of Africa has become British or is under British domination, while the Near East—Turkey, Persia, Mesopotamia, Syria—is to all intents and purposes British.

"The war has added to the British empire: "German Southwest Africa, 550,000 square miles; German West Africa, 680,000 square miles; Togo and the Cameroons, 75,000 square miles; New Guinea and Bismarck, 180,000 square miles.

"In addition the following colonies and countries have passed under British influence:

"Portuguese colonies of Angola and Mozambique, nearly 1,600,000 square miles.

"Persia, with 19,000,000 inhabitants, 1,000,000 square miles.

"Mesopotamia 2,000,000 square miles

"Great Britain herself has an area of only 280,000 square miles, so that her Indian Ocean territories are almost 100 times larger than herself.

"Quietly but surely England has encircled an entire ocean, organizing on three continents the most gigantic assembly of colonies, the most imposing conglomeration of dependent nations,

Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. American City Bureau's Annual Summer School for Business Experts At Madison, Wisconsin.

New York. — Men will be trained in the principles of Chamber of Commerce work at a school which will be held in Madison, Wisconsin, this summer in buildings of the University of Wisconsin. It is known as the Summer School of Community Leadership and is conducted by the American City Bureau, Tribune Building, New York.

This unique school is an outgrowth of an exceptional demand for capable men in the commercial and civic organization field. More than 600 positions as managers, or assistant managers of Chambers of Commerce were filled during the past twelve months, most of them at salaries from \$3,000 to \$8,000 and more.

These men are being recruited from many fields of work. Of 521 Chamber of Commerce secretaries who replied to a recent questionnaire — about 70 per cent. — were holding their first positions in this field. This same questionnaire indicated that about 35 per cent. of the men engaged in this work are former newspaper men; 17 per cent. were retailers, 14 per cent. educators, 14 per cent. in transportation work, 11 per cent. salesmen, 10 per cent. in manufacturing. Others have come from the insurance field, state, county and federal government service, the law, real estate, banking, wholesaling, advertising, accounting, agriculture and others equally diverse occupations.

Chamber of Commerce work calls for men who can combine keen business sense with a wide vision and broad human sympathies. The work of the manager may involve organizing a credit bureau, leading a citizens' movement to bring about a better form of city government, arranging for the arbitration of industrial disputes, organizing and financing a corporation to provide needed housing, or a score of other equally varied undertakings.

The Summer School of Community Leadership will occupy twelve days—August 16 to 27. This will be its sixth annual session. Last year 191 students attended, and it is expected that the attendance will be larger this year.

MAYSVILLE TESTIMONY

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you must always find the recommender a Maysville resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Maysville recommendation. Then insist on having Doan's. You will know what you are getting: George H. King, prop. grocery, 615 E. Second St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at J. J. Wood & Son's Drug Store and I have been greatly benefited by them. Sometimes my kidneys have been out of order and the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. When I have been that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack."

Price, 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. King had. Foster-Bilburn Co., Mfrs., N. Y.

ELECT STRONG COUNTY BOARD

Thinking and Patriotic People
In Each County Are
Urged To Act

Problem of the Rural School Will Be Well on its Way Toward Solution When Interest in School Matters Is Manifest.

The editor realizes the crisis in educational matters which Kentucky and the whole country is facing, so he has been giving the readers of this paper a series of articles, statements and cartoons to help put Kentucky on the educational map. The reader recalls, of course, that the last legislature passed some strong new school laws; but with the multiplicity of new laws on the statute books, he or she is quite apt to have a rather hazy idea of the law creating the new County Boards of Education to be elected next November. As the act creating these County Boards of Education is too long to be printed in full, the editor is giving an outline of it below.

The new County Board of Education is to be composed of five members elected from the county at large. The candidates for this office are secured by fifty voters signing a petition to have each name placed on the ballot. Any number of candidates which shall carry no party emblem or device, save the words "School Ticket." The five candidates receiving the largest number of votes shall become members of the County Board of Education.

This County Board of Education selects a county superintendent of schools and decides upon the salary which can not, under the law, be less than \$1,200 a year. The board will also appoint in each school district a trustee who shall look after the school property; but shall have no voice in the County Board.

This same County Board of Education shall fix the rate of taxation for school purposes in the county; but before doing so shall, with the help of the county superintendent, make an itemized and detailed budget of all school expenses.

This act, also, provides that the County Board of Education shall appoint at least one attendance officer whose duties shall be to compel the regular attendance of all pupil children at school as provided by law.

It is needless for the editor to say in conclusion that this new law will do much toward taking the county schools out of politics. If the thinking and patriotic people of the whole country will interest themselves in the selection and election of a strong County Board of Education, the problem of the rural school in the county will be well on its way toward solution. The fact that the editor is giving this space to a discussion of the school problem when newspaper is both scarce and expensive and the added fact that prominent men are writing strong statements for the press urging the people to get behind their schools, means that we must make our rural schools better if we are to have a contented population in the country, and thus strengthen the nation.

EDUCATION KILLS AGITATION

Governor Alfred E. Smith of New York, has the following to say concerning the value of education: "The best way to meet the evils of ultra-radical agitation is with the reason which proper education applies. I regard education as the best remedy for mistakes or false political conceptions."

LACK OF TEACHERS SERIOUS PROBLEM

Solution At Moment Is Selection of County Boards of Education

Every Real, Fine, True, Red-Blooded Man and Woman in Kentucky Urged to Get Busy at Once and Interest Themselves in School Matters.

Every county in Kentucky was short of rural teachers last year. Every county in Kentucky will be short teachers again this season. This is a serious proposition especially as the number of men and women passing the examinations lately held for teacher's primary certificates was quite small. Of course, the new minimum salary of \$75.00 per month for rural teachers will help the situation in the future; but the best possible solution of the problem right at this moment is the selection and election of a strong County Board of Education at the November election.

The reader should not think of this problem as a strictly Kentucky affair for it is nation wide and extremely serious. Dr. P. P. Claxton, Commissioner of Education of the United States, recently asserted before the National Citizens' Conference at Washington, D. C.:

"The new conditions require that the schools shall be more efficient and more effective than they have been in the past and we are faced with the danger that they may not be as effective as in the past. We are confronted with a great shortage of teachers, and there seems to be little chance of immediate relief. According to the most careful estimates that can be secured, between three hundred and four hundred thousand children were deprived of schooling this past year because of school closed as the result of shortage."

"Even more serious is the rapidly growing number of sub-standard teachers. More than half the teachers of the nation—850,000—are not prepared on any reasonable basis for the work of teaching, a reasonable basis being understood to mean the minimum standard that progressive communities have long insisted upon—two years of professional training beyond the four-year high-school course."

"A conservative figure for the number of new teachers that will be required this fall is 110,000. It is more likely to be 120,000, and it may reach 150,000. The graduates of normal schools this year will be 25 per cent fewer than in 1910; they will total about 16,000. If we add to these the largest possible number we can conceive of from other teacher-training institutions, we shall have at the outside 30,000 prepared teachers to fill the vacancies, or a deficit of at least 80,000."

Good County Boards of Education have always been needed in each and every county in the state; but they are today a vital and absolute necessity for the welfare of the county, the state and the nation. Every real, fine, true, red-blooded man and woman in Kentucky should get busy at once and see to it that the new Boards of Education are composed of citizens who will do big and constructive work for the boys and girls on the farms.

THINK IT OVER

A letter reaching the Bureau of Education at Washington lately from an ordinary citizen contained the following pithy sentence:

"In the city they won't give people with children a house; and in the country they won't give us a school." Think it over carefully.

LOUISIANA WON'T TAKE SUFFRAGE VOTE

Baton Rouge, La., July 8.—Efforts to suspend the rules of the house of representatives of the Louisiana Legislature so as to act on the suffrage amendment before adjournment of the session tonight failed today, the motion being voted down 52 to 46.

The attempt to have the Legislature reconsider its action in refusing to ratify the amendment was made following receipt of a telegram by the Chairman of the State Democratic committee from Governor James M. Cox, Democratic presidential nominee, in which the Governor expressed the opinion that the Legislature owed it to the Democratic party to ratify.

"FAIR AND WARMER" ON SCREEN COMING

May Allison's First Screen Classics
Special Film Version of Famous
Hopwood Stage Farce.

Coming Saturday to the Washington Theater is May Allison in one of her new Screen Classics, Inc., Specials, "Fair and Warmer," the Selwyn and Co. success, by Avery Hopwood. The picture is an adaptation of one of the most successful farces ever presented on the American stage. Its run in New York for two years, and elsewhere for fully as long; and its extended vogue in London pronounce it that.

The advent of Miss Allison, easily one of the most captivating of motion picture comedienne, in a new picture is event enough; but in so celebrated a piece as "Fair and Warmer" those who follow the screen here will be given an exceptional treat.

The story concerns the tribulations of two young married couples. In one case the young wife complains that her husband, Billy, is so perfect that he is dull, and in the other case the young husband, though he adores his wife, employs just the tactics Billy should take advantage of—he goes out of his way to keep his wife guessing. And when circumstances cast together Billy, and the apparently neglected Blanny, the result is one of the most absurdly funny series of situations ever contrived, even by Mr. Hopwood, who is admittedly the premier farce writer today in America.

The screen production has been done elaborately, and in some instances the original play has been given additional punch through employment of means at the command of the screen producer, but impossible on the stage. The entire production was done under the personal supervision of Maxwell Karger, director general of Screen Classics, Inc., and the exceptionally able cast selected by him. Thus such well known artists as Pell Trenton, Eugene Pallette, Christine Mayo, William Buckley and Effie Conley, Henry Otto directed the production, which was adapted from the stage success by June Mathis and A. P. Younger.

MARKSBERRY TAKEN

TO FRANKFORT.
Attorneys McLaughlin and Reuser, of Newport, were at Brooksville this week where they got the record of the Marksberry murder trial to take to the Court of Appeals.
